ACCESS NETWORK is the trade name of The Alberta Educational Communications Corporation, established in 1973. With facilities in Edmonton and Calgary, the Corporation provides multi-media educational communications services for Albertans.

ACCESS NETWORK television is, first and foremost, a learning experience. The service originates from Edmonton's fully computerized master-control facility and provides educational, cultural, and informational programming in entertaining and challenging formats. Albertans receive **ACCESS NETWORK** via satellite, by means of cable television in areas where it is available. Other reception is by satellite receiver dish. The service is also available to non-cabled schools and homes in the immediate Calgary area on Channel 13.

ACCESS NETWORK places the utmost importance on distance education and life-long learning opportunities. The Corporation's goal is to provide Albertans with formal and informal educational programming that meets their diverse needs.

ACCESS NETWORK—CKUA AM•FM offers a diverse and unique service, opening a world of educational and cultural experiences to its audiences. The **ACCESS NETWORK** radio service is distributed via satellite to one AM and 15 FM transmitters which are strategically located throughout the province, and relay the service to 85 percent of the province's residents.

Introduction

This **Prospectus** provides ACCESS NETWORK television and radio programming information of interest to the teaching community. It contains the broadcast schedule and program descriptions for ACCESS NETWORK television and ACCESS NETWORK—CKUA AM•FM radio. In addition, there is a pull-out poster, for use in the classroom, which lists ACCESS NETWORK television's school-related programming.

The television schedule for school-related programming, beginning on page 2, covers the period from Sept. 10, 1990, to June 14, 1991. The programs are broadcast from 11:00 - noon and 2:00 - 3:30 p.m. To ensure that students are able to view all programs in a series, a repeat pattern has been implemented at Christmas, Spring Break, and Easter. Programs

broadcast during a holiday week are repeated the next week to allow in-class viewing. For example, programming broadcast during the week of December 10 - 14 will be repeated the week of December 17 - 21. Programming broadcast during the week of December 24 - 28 will be repeated the week of December 31 - January 4.

Many other video and audio educational programs are currently available from the ACCESS NETWORK Media Resource Centre (MRC). These can be obtained, for a dubbing fee, individually or in some cases at a special package price. Complete listings of series and programs can be found in the **ACCESS NETWORK Video Catalogue**. This catalogue is available from the MRC free of charge to all educational institutions in the province.

The Media Resource Centre offers audiotape and videotape duplication services, support materials, and information about radio and television programs. For further information and order forms, please contact:

* 1-800-352-8293 is a toll-free information line to the ACCESS NETWORK MRC. Use this number if you live outside Calgary to call for information on program expiry dates, renewals, and fee information about obtaining audiotapes, videotapes, print support, and MECC computer software.

How to use the Prospectus:

This **Prospectus** has three parts:

1. A pull-out poster for school room use which lists ACCESS NETWORK television's school-related programming.
2. The schedule itself, which provides the broadcast dates and times, and series descriptions for ACCESS NETWORK television's school-related programming and for ACCESS NETWORK—CKUA AM•FM's general-interest broadcast schedule.
3. A list of print and audio support materials plus a list of special packages available from the

ACCESS NETWORK Media Resource Centre.

All programs listed in the **Prospectus** are available for off-air dubbing.

Dubs can also be acquired from the Media Resource Centre. Expiry dates for duplication rights for each series or program can be obtained from the **ACCESS NETWORK Video Catalogue**. Please inquire at 1-800-352-8293 as to whether the programming of interest has, or has not, been renewed. If not, clients must erase programs upon expiry of rights as stated.

The series' descriptions contain coded information as follows:

S indicates that support material is available from the Media Resource Centre.

The **Basic Program Number (BPN)** is a four-digit number identifying a series for ordering purposes. The two-digit number that appears before each program title identifies the individual program. If individual programs are required, please order by using the series BPN, and both the program number and title, e.g., **Tune-Up Time, BPN 1005 01, Get The Beat.**

All About You is an elementary course in basic human anatomy, physiology, and psychology. The series emphasizes functions of mind and body and examines reasons for good health care. Louise McNamera, the television teacher, encourages viewers to respond to her questions and to participate actively in the lessons. Through the use of puppets, models, film clips, and demonstrations, she creates an atmosphere of inquiry and interest that is particularly helpful to the classroom teacher.

E.Q.C.—The Way To Go

Grades 4-6
Science/Environmental Studies

Broadcast time: Friday 11:30 a.m.
Mar. 15 - May 31

10 programs/15 min./S

E.Q.C. (Environmental Quality Control) is an examination of the effects of humans on the Alberta environment. First, current practices and procedures are isolated. These are then evaluated to determine actions that have positive or negative impact. Next, positive actions are emphasized. The overriding concern of the series, and its supporting activities, is what students can do in their own lives to reflect environmental concerns and actively apply **E.Q.C.**

This series is designed to help adolescents understand their own personal and social growth. It encourages them to examine such common teenage concerns as conflict, love, changing relationships with family and friends, self-concept, and stress. The programs take a careful look at the interaction of different aspects of the whole self—emotional, physical, social, and intellectual.

"Paths" is a multi-media introduction to the Third World—its past, its present, and its prospects. There are four major components: 1, six half-hour documentaries filmed on location in Peru, Malaysia, and Niger; 2, a **Teacher's Guide**, containing classroom activities and supplementary print and audio-visual materials; 3, **Student Readings**, that reflect a balanced array of viewpoints; 4, a microcomputer simulation entitled "Decide, Your Excellency", together with a **Teacher's Manual** that challenges students to "run" a Third-World type country.

Readalong I, II, III

Grades 1-3 Reading motivation

Broadcast times:
Monday - Friday 2:00 p.m.
Sept. 10 - June 14

Readalong I, II, and III are designed to encourage children to read. They use animation, puppets, humor, and music, all as an approach to acquiring reading skills.

The weekly scheduling pattern of these series is such that three new programs are presented as follows:

Program 1: Monday and Tuesday
Program 2: Wednesday and Thursday
Program 3: Friday only.

The first and second programs are repeated for those students who would

benefit from two viewings of each program, both to allow the arrangement of individual groupings, and to enable the teacher to focus on and solve problems that may arise from the first viewing of the program. The final program of the week presents a capsule review of the material of the two programs shown earlier.

The majority of teachers who have utilized *Readalong I* and the accompanying print-support material have found that a September start is too early to allow most Grade 1 students to benefit from the series. ACCESS NETWORK hopes that the following revised scheduling will allow more Grades 1-3 students to benefit in their reading studies. (By ordering a series on videotape, of course, teachers can tailor-make a schedule to suit their particular classroom needs.)

This series enriches and reinforces the basic skills taught in the early years of French-language study. Each program presents a number of amusing situations by means of performers acting out a skit or pantomime routine, and also by means of animated segments.

Solve It

**Grade 6
Mathematics**

Broadcast time: Thursday 11:15 a.m.
Jan. 17 - May 30

18 programs/15 min./S

The aim of **Solve It** is to make math interesting and applicable to life outside the classroom as well as within it, and also to demonstrate those aspects of math that are most difficult to teach at elementary levels. Learning is easier if students see that math can be fun (e.g. comparing the volume of fish tanks, or measuring a room for furniture) and discover that there is more than one way to solve a problem.

Writer's Realm

Grades 4-6 Language Arts

Broadcast time: Thursday 11:45 a.m.
Sept. 13 - Jan. 3

15 programs/15 min./S

In this series, viewers meet writers of many kinds—favorite authors and also people of their own age. Dramatic segments, animation, interviews, notes, drafts, revisions, and finished products illustrate how to go about the business of writing. These programs suggest alternatives rather than laying down rules. They illustrate different writing for different purposes. They stimulate young writers to keep looking for ways to improve what they have composed and, above all, to enjoy the process.

NIGHT OWL PROGRAM SCHEDULE FOR ALBERTA EDUCATORS

ACCESS NETWORK welcomes Alberta educators to the fourth season of its innovative Night Owl early morning program schedule. **This schedule of school-related programming is the easiest and most economical way for educators to obtain ACCESS NETWORK video programming for classroom use and teacher in-service.** This booklet contains all the schedule and program information needed to use Night Owl. The following questions and answers will familiarize you with the use of Night Owl and its schedule. If you require any further information, please call: ACCESS NETWORK Media Resource Centre 1-800-352-8293.

WHAT IS NIGHT OWL?

Night Owl is a broadcast schedule of school-related programs designed to enable educators to record ACCESS NETWORK video programming, free of charge, for classroom use and teacher in-service. It is an early-morning service, broadcast Tuesday through Saturday from 1:00 a.m. until 7:00 a.m. The programs, chosen from our inventory at the Media Resource Centre, are divided into three categories, with two hours of programming per day in each category. Night Owl will feature a total of 330 hours of programming in an 11-week cycle beginning October 2 and continuing until December 15. The programs will be repeated for a second cycle January 1 - March 16, and a third cycle April 2 - June 15. Broadcast dates for all three cycles are listed for each program.

WHAT PROGRAMS WILL BE BROADCAST ON NIGHT OWL?

ACCESS NETWORK has selected the titles most requested from our Media Resource Centre (titles that have broadcast/duplication rights). These are grouped in three categories and time slots:

Adult/Teacher Training, 1:00 - 3:00 a.m.
Grades 7-12, 3:00 - 5:00 a.m.
Preschool/Grades 1-6, 5:00 - 7:00 a.m.

Each category will offer approximately 100 hours of programming during an entire 11-week cycle. In addition, you can request specific programming for broadcast on the special "By Request" feature, scheduled every Saturday morning.

HOW DO I USE NIGHT OWL?

The Night Owl program schedule has been designed to make it as easy and convenient as possible for educators to record ACCESS NETWORK programs at school or at home. "Tape-it-yourself" overnight by setting the timer on your school VCR or by recording the program at home, provided the material recorded is used for classroom instruction or teacher in-service.

Before familiarizing yourself with the program schedule in this booklet, the following information will be helpful:

1. All programs in this schedule of the Night Owl cover an 11-week period **October 2 - December 15**, repeat in a second 11-week cycle **January 1 - March 16**, and a third 11-week cycle **April 2 - June 15**.
2. Programs are listed in three separate categories: **Adult/Teacher Training; Grades 7-12; and Preschool/Grades 1-6. Please note the two-hour time slot for each section.**

3. The last section of the schedule is an alphabetical listing of all the programs offered on Night Owl. **Check this list for descriptions on the content of the programs.** These are cross-referenced to the schedule. If you need further program description, please consult your *ACCESS NETWORK Video Catalogue*.
4. **The schedule is designed to allow you to record a complete two-hour module within a category, then use whatever portion of the recording you require.** Programs broadcast within a two-hour module may be of varying lengths, however **most with a duration of 30 or 60 minutes will begin on the hour or half-hour.** By setting your VCR at its fastest speed, you will obtain the best possible quality of recording.

"BY REQUEST" PROGRAMS?

Every Saturday morning, from 1:00 - 7:00 a.m., specific programming requested by educators will be broadcast on the "By Request" feature of Night Owl. You may request programs not in the schedule, or programs that you have missed in the schedule and wish to have repeated. Tuesday through Friday mornings, at the beginning of each of the three categories, we will give the list of programs to be broadcast on the "By Request" feature that week. This will enable educators to plan their Saturday morning recording.

Programs available for "By Request" are:

- those in the Night Owl schedule.
- those listed in the *1989-90 Audio-Video Prospectus: School-Related Programming* (contained in this publication).
- those listed in the *ACCESS NETWORK Video Catalogue* that have both broadcast and duplication rights.

To make requests, please call the Media Resource Centre, toll-free at 1-800-352-8293.

WHAT ABOUT COPYRIGHT?

Educational and non-profit institutions may record the programming that appears in the Night Owl schedule between the hours of 1:00 a.m. and 7:00 a.m., Tuesday to Saturday, for use within an Alberta educational institution.

The right to use any such copy ends on the date of expiry of copyright clearance, and any recorded program must be erased on or before that date.

The date of expiry of copyright clearance can be obtained by reference to the *ACCESS NETWORK Video Catalogue*, or by calling the ACCESS NETWORK Media Resource Centre at 1-800-352-8293.

If you require more information about the Night Owl program schedule or more copies of this booklet, please call the Media Resource Centre at 1-800-352-8293.
